

Environmental Policy

Considering the purpose and context of the organization, and the condition of the environment in which the company operates, the management of Crystele Homes is committed to the continual improvement of the Integrated Management System (IMS), according to compliance obligations, by following the principles and requirements of ISO 14001:2015.

The framework for setting environmental objectives is defined in the IMS Manual.

All employees of Crystele Homes are acting to protect the environment by preventing and eliminating environmental pollution through:

- Continual education to prevent environmental pollution, preserve natural resources, and improve the IMS
- Continual raising of environmental awareness
- Continual legal compliance
- Exploration of new materials with smaller environmental footprints and improvement of hazardous waste management
- Decrease of non-renewable energy consumption and replacement with renewable energy sources
- Activities that emerge from the context of the organization
- Following environmental procedures to decrease environmental pollution, and prevent degradation and damage to the environment
- Decrease of adverse impact on water, soil, air, and biodiversity.
- Reviewing and complying to all relevant legal, contractual, and other requirements which are applicable to the project and any identified environmental aspects

Operations manager is responsible for communicating the Environmental Policy to all persons working for or on behalf of the organization and making it available to the public.

Daniel Lettieri
Director
